

RAYZA RX562

Ultra-Lightweight Polyurethane Coated Index F Glove.

Maximum Cut Protection (Index F)

- A new generation liner offers the most lightweight glove with the highest level of cut protection.

Unrivalled Flexibility and Touch Sensitivity

- 21-gauge technology delivers unrivalled dexterity, for even the fiddliest tasks, along with touchscreen compatibility.

Unique Polyurethane Coating

- A highly breathable yet tough coating, perfect for dry or slightly oily environments.

Available in sizes 6/XS - 11/2XL

*Not always compatible with screen protectors. Make sure gloves are dry and clean first.
